

COOLZONE®

Appliance Catalogue 2008

introduction

The Coolzone range of kitchen appliances provides great quality products at incredible value. Designed to suit every need, the wide range of products come in all shapes and sizes to fit perfectly into your home and life. Particular attention has been given to ensure that our products offer the right design, size, capacity and efficiency for everyday living.

Coolzone offers total confidence in our range of kitchen appliances. The majority of models are graded A for Energy Efficiency, reducing running costs and helping conserve energy. All products feature the Coolzone 2 year guarantee including parts and labour for complete peace of mind.

Whatever your requirements, Coolzone has the perfect product for you.

**Complete peace of mind
with our 2 year guarantee**

Guarantee Policy

Coolzone appliances are guaranteed for a period of two years from date of purchase against defects in materials and workmanship only, and provided that all the user instructions have been strictly complied with. The guarantee does not cover incidental or consequential loss, such as loss of food.

Where this guarantee applies, the appliance will be repaired or replaced at the manufacturer's option without charge. If the guarantee does not apply or has expired, you will be given a quotation for cost of repairs and any parts required.

This guarantee does not affect your statutory rights and is valid in the UK, ROI and Channel Islands only.

cooking

Coolzone presents a comprehensive range of both built-in and free standing cooking appliances to suit your every need in the kitchen.

Our range of built-in appliances are stylish, contemporary and have been designed to complement your kitchen. Choose from four or seven multifunction fan ovens with full feature sets that include digital displays and clocks for added convenience. Minute minders and fully programmable timers that centre around busy lifestyles are useful timesaving features. LCD colour changing displays provide the cutting edge design focus at affordable prices.

Our range of free standing cookers provides various colour options from white to stylish stainless steel and the introduction of this seasons new colour trend: black. All models are equipped with full features sets and some models include additional extras such as handy storage drawers, digital displays, clocks and programmable oven timers.

Coolzone are committed to bringing you a wide range of products at great value. For complete peace of mind we also offer you a 2 year guarantee including parts and labour.

When you're trying to decide which model is best for you, here are a few features you may also wish to consider:

Multifunction Cooking:

Multifunction Cooking provides a solution for all your cooking requirements. With a choice of 4 or 7 multi cooking functions you are provided with the flexibility required to prepare a variety of different meals for you and your family.

4 Function ovens:

- Fan Forced Cooking
- Grill (Top Heating Element)
- Fan Assisted Grill
- Defrost Function

7 Function ovens:

- Fan Forced Cooking
- Grill (Top Heating Element)
- Fan Assisted Grill
- Defrost Function
- Conventional Cooking
- Fan Assisted Conventional Cooking
- Programmable timer

OVENS

Fan Forced Cooking:

The fan forced cooking function utilises a fan situated at the rear of the oven and a circular heating element to evenly distribute the heat throughout the oven. Conventional cooking temperatures are reduced by up to 20% and therefore a shorter cooking time is usually required and the full capacity of the oven can be used.

Grill (Top Heating Element):

The grill function uses the grill or top heating element. This provides an instant heat that is suitable for browning food.

Fan Assisted Grill:

The fan assisted grill function uses traditional radiant heat above the food, while circulating hot air around the food. This cooks the food on all sides and keeps it moist.

Defrost Setting:

The defrost function operates the fan which circulates cool air around the oven without the oven heating up. This is suitable for defrosting frozen food.

Conventional Cooking (Without Fan):

The conventional cooking function uses the top and bottom heating elements to heat the oven, without the fan operating. This function is ideal for cooking food that requires a lower constant temperature to be maintained. The oven will usually be hotter towards the top shelf positions.

Fan Assisted Conventional Cooking:

The fan assisted conventional cooking function uses the top and bottom heating elements to heat the oven, with the fan operating. This results in faster and more even cooking than the conventional cooking method. This function is suited to most types of food but in particular food that requires either top or bottom heat concentration.

LED Minute Minder:

Ovens with an LED digital minute minder have a digital display / clock as well as a minute minder. By setting the timer to the desired time and allowing the clock to count down, the buzzer will sound to let you know that the cooking time has elapsed.

LED Programmable Timer:

Ovens with an LED programmable timer have a digital display / clock as well as a fully programmable timer, incorporating a minute minder function (as above) and in addition a semi automatic cooking function that allows you to programme the oven to switch on or off at a specified time. The fully automatic cooking function allows you to program the oven to switch both on and off at specified times.

LCD Programmable Timer:

Ovens with an LCD programmable timer provide you with the same functionality as the LED timer (see above) with the added capability of a colour changing backlight display.

Oven Light:

The oven light illuminates when the oven is turned to the 'on' position.

Energy Efficiency:

The energy efficiency of products are rated between 'A' and 'C' usually. 'A' rated products are the most economical and environmentally friendly products to operate.

HOBS

Push Button Ignition:

Push the control knob and then press the ignition button, the ignition button will give off a spark to ignite the burner.

Automatic Ignition:

Push down and turn the control knob and the gas burner or electric plate will automatically ignite.

Rapid Burner:

Rapid or high speed burners provide more heat to a larger area and therefore allow you to cook more efficiently with different size pans.

Rapid Zone:

Rapid or high speed zones provide more electricity to the hotplate and therefore heat up quicker and provide a faster cooking time.

FLAME FAILURE DEVICES

Flame Failure Device:

A flame failure device is part of the gas burner system which detects if the flame is extinguished and then cuts off the gas supply to that burner. This is an additional safety feature.

CORGI has issued new regulations to its members, effective from the 1st January 2008, stating that all gas cooking appliances (ovens and hobs) for use in flats and multiple person dwellings must contain a flame failure device.

Mix and match the cooking appliances in your kitchen with our great offering of stylish and affordable oven and hob packs. Choose from either a four function stainless steel fan oven and 60cm gas hob/electric hob pack. Or choose this seasons new colour trend of a black four function fan oven and 60cm gas hob pack. Whatever your preference is, there is a combination to suit you.

Single Fan Oven & Gas Hob

CZ55552 Black

- 4 function single fan oven
- 'A' energy efficiency
- 66 litre oven capacity
- Fan forced oven
- Full width grill
- Combined oven and grill
- Defrost setting
- Adjustable wire shelf
- Grill pan tray with handle
- Internal oven light
- Twist control knobs
- Enamel interior for easy cleaning
- Double glazed oven door
- Dims: (HWD) 595x595x565mm

- 60cm gas hob
- 1 rapid burner
- 2 medium burners
- 1 auxiliary burner
- Push button ignition
- Side controls
- Supplied with LPG convertible kit
- Dims: (HWD) 495x585x50mm

Single Fan Oven & Gas Hob

CZ55524 Stainless Steel

- 4 function single fan oven
- 'A' energy efficiency
- 66 litre oven capacity
- Fan forced oven • Full width grill
- Combined oven and grill
- Defrost setting • Adjustable wire shelf
- Grill pan tray with handle
- Internal oven light • Twist control knobs
- Enamel interior for easy cleaning
- Double glazed oven door
- Dims: (HWD) 595x595x565mm

- 60cm gas hob
- 1 rapid burner
- 2 medium burners
- 1 auxiliary burner
- Push button ignition
- Side controls
- Supplied with LPG convertible kit
- Dims: (HWD) 495x585x50mm

Single Fan Oven & Electric Hob

CZ55525 Stainless Steel

- 4 function single fan oven
- 'A' energy efficiency
- 66 litre oven capacity
- Fan forced oven • Full width grill
- Combined oven and grill • Defrost setting
- Adjustable wire shelf
- Grill pan tray with handle
- Internal oven light • Twist control knobs
- Enamel interior for easy cleaning
- Double glazed oven door
- Dims: (HWD) 595x595x565mm

- 60cm electric hob
- 'A' energy efficiency
- 4 solid plates
- 2 x 1kW zones • 2 x 1.5kW rapid zones
- Side controls
- Power on indicators for each plate
- Dims: (HWD) 500x585x55mm

Single Fan Oven

CZ55581 Mirrored Stainless Steel

- 7 function single fan oven
- 'A' energy efficiency
- 66 litre oven capacity
- Fan forced oven • Full width grill
- Combined oven and grill
- Defrost setting • LCD display/clock
- LCD programmable timer • 2x adjustable wire anti-tilt shelves
- Grill pan tray with handle • Internal oven light
- Retractable control knobs
- Enamel interior for easy cleaning
- Double glazed oven door
- Dims: (HWD) 595x595x565mm

Single Fan Oven

CZ55580 Stainless Steel

- 4 function single fan oven
- 'A' energy efficiency
- 66 litre oven capacity
- Fan forced oven • Full width grill
- Combined oven and grill
- Defrost setting • LED display/clock
- LED programmable timer (blue)
- Adjustable wire shelf • Grill pan tray with handle
- Internal oven light • Retractable control knobs
- Enamel interior for easy cleaning
- Double glazed oven door
- Dims: (HWD) 595x595x565mm

Single Fan Oven

CZ55579 Stainless Steel

- 4 function single fan oven
- 'A' energy efficiency
- 66 litre oven capacity
- Fan forced oven • Full width grill
- Combined oven and grill
- Defrost setting • LED display/clock
- LED digital minute minder (green) • Adjustable wire shelf
- Grill pan tray with handle
- Internal oven light • Twist control knobs
- Enamel interior for easy cleaning
- Double glazed oven door
- Dims: (HWD) 595x595x565mm

Single Fan Oven

CZ55553 Stainless Steel

- 4 function single fan oven
- 'A' energy efficiency
- 66 litre oven capacity
- Fan forced oven
- Full width grill
- Combined oven and grill
- Defrost setting
- Adjustable wire shelf
- Grill pan tray with handle
- Internal oven light
- Twist control knobs
- Enamel interior for easy cleaning
- Double glazed oven door
- Dims: (HWD) 595x595x565mm

Single Fan Oven

CZ55570 White

- 4 function single fan oven
- 'A' energy efficiency
- 66 litre oven capacity
- Fan forced oven
- Full width grill
- Combined oven and grill
- Defrost setting
- Adjustable wire shelf
- Grill pan tray with handle
- Internal oven light
- Twist control knobs
- Enamel interior for easy cleaning
- Double glazed oven door
- Dims: (HWD) 595x595x565mm

Double Fan Oven

CZ55582 Stainless Steel

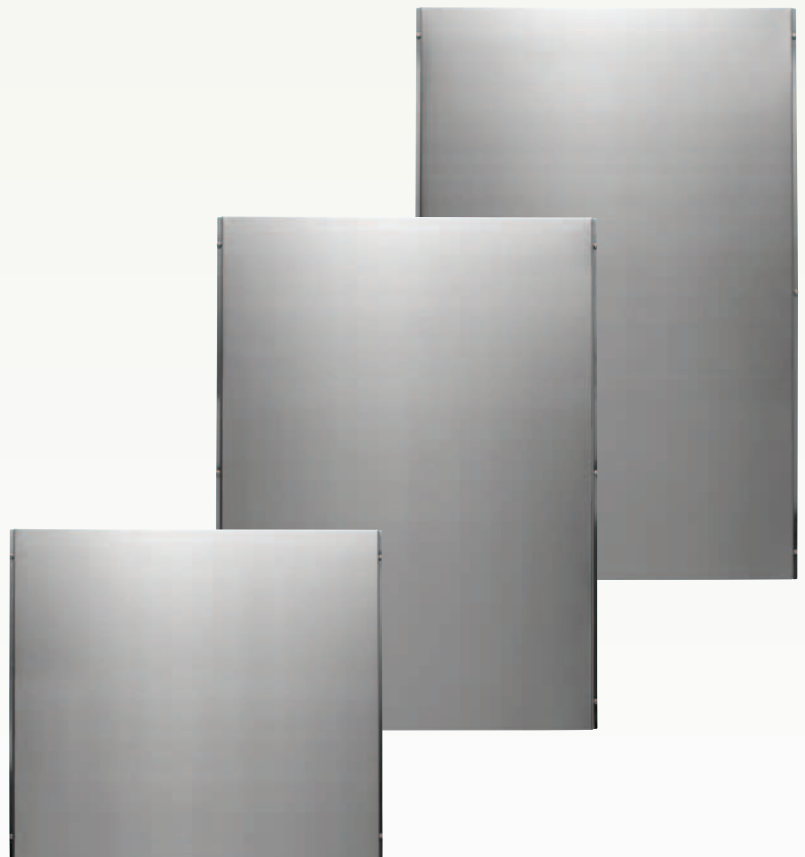

- 7 function double fan oven
- 'B' energy efficiency
- 34 litre top cavity/58 litre bottom cavity
- Fan assisted conventional cooking
- Full width grill
- Combined oven and grill
- Defrost setting
- Top and bottom heating elements
- x3 adjustable wire shelves
- Grill pan tray with handle
- Internal oven lights
- Twist control knobs
- Enamel interior for easy cleaning
- Double glazed oven door
- Dims: (HWD) 888x594x540mm

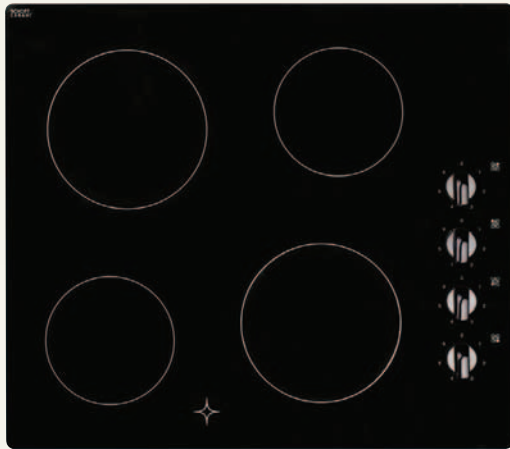

Splash Backs

Stainless Steel

- 3 sizes available
- 60cm splash back: CZ55576
Dims: (HWD) 675x605x25mm
- 90cm splash back: CZ55577
Dims: (HWD) 675x905x25mm
- 100cm splash back: CZ55578
Dims: (HWD) 675x1005x25mm

Ceramic Hob

CZ55556 Black

- 60cm frameless ceramic hob
- 'A' energy efficiency
- One piece easy clean top plate
- 4 solid plates
- 2 x rapid zones
- Side controls
- Power on indicators for each hot plate
- Dims: (HWD) 510x580x42mm

Electric Hob

CZ55555 Stainless Steel

- 60cm electric hob
- 'A' energy efficiency
- 4 solid plates
- 2 x 1kW zones
- 2 x 1.5kW rapid zones
- Side controls
- Power on indicators for each hot plate
- Dims: (HWD) 500x585x55mm

Electric Hob

CZ55572 White

- 60cm electric hob
- 'A' energy efficiency
- 4 solid plates
- 2 x 1kW zones
- 2 x 1.5kW rapid zones
- Side controls
- Power on indicators for each hot plate
- Dims: (HWD) 500x585x55mm

Gas Hob

CZ55573 Stainless Steel

- 60cm gas hob
- Fitted with a flame failure device
- 1 rapid burner
- 2 medium burners
- 1 auxiliary burner
- Automatic ignition
- Side controls
- Supplied with LPG convertible kit
- Dims: (HWD) 495x585x50mm

Gas Hob

CZ55554 Stainless Steel

- 60cm gas hob
- 1 rapid burner
- 2 medium burners
- 1 auxiliary burner
- Push button ignition
- Side controls
- Supplied with LPG convertible kit
- Dims: (HWD) 495x585x50mm

Gas Hob

CZ55571 White

- 60cm gas hob
- 1 rapid burner
- 2 medium burners
- 1 auxiliary burner
- Push button ignition
- Side controls
- Supplied with LPG convertible kit
- Dims: (HWD) 495x585x50mm

Dual Fuel Cooker

CZ55515 White

- 60cm twin cavity dual fuel cooker
- 'A' energy efficiency
- 66 litre oven capacity • 4 gas burners
- Mains powered push button ignition
- Fan assisted conventional cooking
- Full width variable electric grill (top cavity)
- LED display/clock
- LED digital minute minder
- 2 adjustable wire shelves
- Grill pan tray with handle • Internal oven light
- Double glazed oven doors • Adjustable feet
- Glass lid with gas safety cut out
- Dims: (HWD) 900x600x600mm

Gas Cooker

CZ55513 White

- 60cm twin cavity gas cooker
- 66 litre oven capacity
- 4 gas burners
- Mains powered push button ignition
- Conventional oven
- Full width variable gas grill (top cavity)
- LED display/clock • LED digital minute minder
- 2 adjustable wire shelves
- Grill pan tray with handle • Internal oven light
- Double glazed oven doors • Adjustable feet
- LPG jets supplied (oven and grill only)
- Glass lid with gas safety cut out
- Dims: (HWD) 900x600x600mm

Gas Cooker

CZ55509 White

- 50cm twin cavity gas cooker
- 48 litre oven capacity • 4 gas burners
- Mains powered push button ignition
- Conventional oven
- Full width variable gas grill (top cavity)
- 2 adjustable wire shelves
- Grill pan tray with handle
- Internal oven light
- Double glazed oven doors • Adjustable feet
- LPG jets supplied (oven and grill only)
- Overheat protection (for added safety)
- Dims: (HWD) 900x500x600mm

Gas Cooker

CZ55583 White

- 50cm single cavity gas cooker
- Fitted with a flame failure device
- 48 litre oven capacity • 4 gas burners
- Mains powered push button ignition
- Conventional oven
- Full width variable gas grill
- 2 adjustable wire shelves
- Grill pan tray with handle • Internal oven light
- Double glazed oven door • Adjustable feet
- LPG jets supplied (oven and grill only)
- Overheat protection (for added safety)
- Dims: (HWD) 900x500x600mm

Gas Cooker

CZ55584 Black

- 50cm single cavity gas cooker
- 48 litre oven capacity • 4 gas burners
- Mains powered push button ignition
- Conventional oven
- Full width variable gas grill
- 2 adjustable wire shelves
- Grill pan tray with handle • Internal oven light
- Double glazed oven door • Adjustable feet
- LPG jets supplied (oven and grill only)
- Overheat protection (for added safety)
- Dims: (HWD) 900x500x600mm

Gas Cooker

CZ55505 White

- 50cm single cavity gas cooker
- 48 litre oven capacity • 4 gas burners
- Mains powered push button ignition
- Conventional oven
- Full width variable gas grill
- 2 adjustable wire shelves
- Grill pan tray with handle • Internal oven light
- Double glazed oven door • Adjustable feet
- LPG jets supplied (oven and grill only)
- Overheat protection (for added safety)
- Dims: (HWD) 900x500x600mm

Electric Cooker

CZ55532 White

- 60cm twin cavity electric cooker
- 'A' energy efficiency
- 66 litre oven capacity
- 4 ceramic plate hobs
- Fan assisted conventional cooking
- Full width variable electric grill (top cavity)
- LED display/clock • LED programmable timer
- 2 adjustable wire shelves
- Grill pan tray with handle • Internal oven light
- Double glazed oven doors • Adjustable feet
- Overheat protection (for added safety)
- Dims: (HWD) 900x600x600mm

Electric Cooker

CZ55517 Stainless Steel

- 60cm twin cavity electric cooker
- 'A' energy efficiency
- 66 litre oven capacity
- 4 solid plate electric hobs
- Fan assisted conventional cooking
- Full width variable electric grill (top cavity)
- LED display/clock • LED programmable timer
- 2 adjustable wire shelves
- Grill pan try with handle • Internal oven light
- Double glazed oven doors • Adjustable feet
- Overheat protection (for added safety)
- Dims: (HWD) 900x600x600mm

Electric Cooker

CZ55514 White

- 60cm twin cavity electric cooker
- 'A' energy efficiency
- 66 litre oven capacity
- 4 solid plate electric hobs
- Fan assisted conventional cooking
- Full width variable electric grill (top cavity)
- LED display/clock • LED programmable timer
- 2 adjustable wire shelves
- Grill pan try with handle • Internal oven light
- Double glazed oven doors • Adjustable feet
- Overheat protection (for added safety)
- Dims: (HWD) 900x600x600mm

Electric Cooker

CZ55512 Stainless Steel

- 50cm twin cavity electric cooker
- 'A' energy efficiency
- 48 litre oven capacity
- 4 solid plate electric hobs
- Conventional oven
- Full width variable electric grill (top cavity)
- 2 adjustable wire shelves
- Grill pan tray with handle
- Internal oven light
- Double glazed oven doors
- Adjustable feet
- Overheat protection (for added safety)
- Dims: (HWD) 900x500x600mm

Electric Cooker

CZ55510 White

- 50cm twin cavity electric cooker
- 'A' energy efficiency
- 48 litre oven capacity
- 4 solid plate electric hobs
- Conventional oven
- Full width variable electric grill (top cavity)
- 2 adjustable wire shelves
- Grill pan tray with handle
- Internal oven light
- Double glazed oven doors
- Adjustable feet
- Overheat protection (for added safety)
- Dims: (HWD) 900 500x600mm

Electric Cooker

CZ55508 Stainless Steel

- 50cm single cavity electric cooker
- 'A' energy efficiency
- 48 litre oven capacity
- 4 solid plate electric hobs
- Conventional oven
- Full width variable electric grill
- 2 adjustable wire shelves
- Grill pan tray with handle • Internal oven light
- Double glazed oven door • Adjustable feet
- Handy storage drawer

- 50cm single cavity electric cooker
- 'A' energy efficiency
- 48 litre oven capacity
- 4 solid plate electric hobs
- Conventional oven
- Full width variable electric grill
- 2 adjustable wire shelves
- Grill pan tray with handle • Internal oven light
- Double glazed oven door • Adjustable feet
- Handy storage drawer
- Overheat protection (for added safety)
- Dims: (HWD) 900x500x600mm

refrigeration

With the latest design and technology, Coolzone fridges and freezers look great and have all the features you'll ever need to make modern living easy. Choose automatic defrost fridges and take the hassle out of defrosting – the days of switching off the appliance and removing food are over; instead the appliance does this for you at regular intervals. Salad crispers keep vegetables fresh for longer and their glass covers make them easier to clean.

Whether it's a fridge for a bachelor pad or a freezer for a family, Coolzone will have the right choice for you with over 60 different refrigeration products.

It is often very hard to distinguish features on different models so when you're trying to decide which model is best for you look out for the following icons. These icons represent features you might want to consider.

Energy Efficiency:

Fridges and freezers are the most hard-working appliances in the house. They are working 24 hours a day, 7 days a week, continuously using energy. So if your fridge or freezer is not energy efficient it is costing you and the environment a lot more than it needs to. All Coolzone refrigeration products are rated from 'A+', 'A' and 'B'.

Width:

Size is essential for the space-conscious kitchen. Check the width of the product will fit the space available. The width icons indicate the three key dimensions for a refrigeration appliance to fit in - 50, 55 and 60cm.

Auto Defrost:

This automatically regulates the temperature in your fridge to prevent moisture and frost building up.

Adjustable Thermostat:

You can control the temperature within your fridge or freezer by adjusting the thermostat.

Frost Free:

Air circulates throughout the freezer to prevent frost build-up and keep food fresh.

Ice Box Stars:

Look out for the stars on the ice box/frozen food compartment. An ice box is suitable for ice only, 2* frozen food compartment lets you store frozen food for up to one month, 3* compartment from 3-12 months, while a 4* compartment allows you to freeze fresh food and store it up to 12 months.

Glass Shelves:

The easy to clean surface reduces the chance of warping and prevents spillage dripping to the next shelf. A glass shelf is a more hygienic alternative than a wire shelf.

Table Top Refrigeration

CZ51028 White

- 1.8 cu.ft/50 litre gross capacity
- 'A' energy efficiency
- Ice box • Adjustable thermostat
- Removable wire shelf
- 2 fridge balconies
- Reversible door
- Flush fit back design
- Dims: (HWD) 510x450x450mm

Table Top Freezer

CZ51029 White

- 1.4 cu.ft/40 litre gross capacity
- 'A' energy efficiency
- 4* Freezer performance
- Adjustable thermostat
- Removable wire shelf
- Reversible door
- Flush fit back design
- Dims: (HWD) 510x470x450mm

Table Top Fridge

CZ51131 Black

- 1.8 cu.ft/50 litre capacity
- 'A' energy efficiency
- Ice box • Adjustable thermostat
- Removable wire shelf
- 2 fridge balconies
- Flush fit back design • Handy door lock
- Finish: Black
- Dims: (HWD) 510x450x450mm

Table Top Fridge

CZ51062 Black with silver door

- 1.8 cu.ft/50 litre gross capacity
- 'B' energy efficiency
- Ice box • Adjustable thermostat
- Removable wire shelf
- 2 fridge balconies
- Flush fit back design
- Finish: Black with brushed silver door
- Dims: (HWD) 450x492x472mm

Undercounter Fridge with Ice Box

CZ51123 White

- 3.3 cu.ft/95 litre gross capacity
- 'A' energy efficiency
- Ice box
- Adjustable thermostat
- Removable wire shelf
- Glass shelf over salad crisper
- 3 fridge balconies
- Reversible door
- Dims: (HWD) 850x470x450mm

Undercounter Fridge with frozen food compartment

CZ51116 White

- 4.2 cu.ft/119 litre gross capacity
- 0.5 cu.ft/14 litre frozen food compartment capacity
- 'A' energy efficiency
- 3* frozen food compartment
- Automatic defrost
- Adjustable thermostat
- Removable glass shelf
- Glass shelf over salad crisper
- 3 fridge balconies
- Dims: (HWD) 850x540x600mm

Undercounter Larder Fridge

CZ51117 White

- 4.6 cu.ft/130 litre gross capacity
- 'A' energy efficiency
- Automatic defrost
- Adjustable thermostat
- 2 removable glass shelves
- Glass shelf over salad crisper
- 3 fridge balconies
- Dims: (HWD) 850x540x600mm

Undercounter Larder Fridge

CZ51057L White

- 4.3cu.ft/122 litre gross capacity
- 'A' energy efficiency
- Adjustable thermostat
- 2 removable glass shelves
- Glass shelf over salad crisper
- 3 fridge balconies
- Reversible door
- Recessed door handle
- Handy worktop finish
- Dims: (HWD) 850x480x495mm

Undercounter Freezer

CZ51059Z White

- 3cu.ft/85 litre gross capacity
- 'A' energy efficiency
- 4* freezer performance
- Adjustable thermostat
- 3 freezer drawers
- Reversible door
- Recessed door handle
- Handy worktop finish
- Dims: (HWD) 850x480x495mm

Undercounter Larder Fridge

CZ51057 White
CZ51162 Silver
CZ51172 Black (see pg 24)

- 4.4 cu.ft/126 litre gross capacity
- 'A' energy efficiency
- Adjustable thermostat
- 3 removable wire shelves
- Glass shelf over salad crisper
- 3 fridge balconies
- Reversible door • Recessed door handle
- Flush fit back design
- Handy work top finish
- Dims: (HWD) 850x505x525mm
- Matching freezer CZ51059

Undercounter Fridge with Frozen Food Compartment

CZ51058 White
CZ51161 Silver
CZ51171 Black (see pg 24)

- 4.4 cu.ft/126 litre gross capacity
- 'A' energy efficiency
- 2* frozen food compartment
- Adjustable thermostat
- 2 removable wire shelves
- Glass shelf over salad crisper
- 3 fridge balconies
- Reversible door • Recessed door handle
- Flush fit back design
- Handy work top finish
- Dims: (HWD) 850x505x525mm

Undercounter Freezer

CZ51059 White
CZ51163 Silver
CZ51173 Black (see pg 24)

- 3.1 cu.ft/90 litre gross capacity
- 'A' energy efficiency
- 4* freezer performance
- Adjustable thermostat
- Reversible door • Recessed door handle
- Flush fit back design
- 4 freezer drawers
- Handy work top finish
- Dims: (HWD) 850x505x525mm
- Matching fridge CZ51057

Undercounter Larder Fridge

CZ51202 White

wine chillers

People are increasingly knowledgeable about wine and the correct temperature to store and serve it. Coolzone has the latest range of wine and drinks chillers allowing you to store your drink separately at the desired temperature, freeing up space in an often overcrowded fridge.

Look out for features such as tempered double glass doors and digital controls which allow exact temperature control for the perfect glass of chilled wine.

Small Digital Wine Chiller

CZ51148 Black and silver

- 0.8 cu.ft/22 litre gross capacity
- Electronic temperature control
- LED digital temperature display
- Holds up to 8 wine bottles
- Thermoelectric operation
- Chrome shelves
- Glass door for easy viewing
- Interior light
- Dims: (HWD) 275x413x530mm

Small Drinks Chiller

CZ51156 White

- 1.7 cu.ft/50 litre gross capacity
- Adjustable thermostat
- Reversible tempered double glass door
- Holds up to 63x330ml cans or 42x440ml cans
- Removable wire shelf
- Recessed handle
- Dims: (HWD) 510x450x450mm

Medium Digital Wine Chiller

CZ51149 Black and silver

- 1.5 cu.ft/43 litre gross capacity
- Electronic temperature control
- LED digital temperature display
- Holds up to 16 wine bottles
- Thermoelectric operation
- Chrome shelves
- Glass door for easy viewing
- Interior light
- Dims: (HWD) 450x413x530mm

**Silver Mini Bar with
Water Dispenser**

CZ51055WFRS Silver and black

- 1.4 cu.ft/40 litre gross capacity
- Built-in 2 litre water tank and dispenser
- 4 removable wire shelves
- Low noise design
- Hinged right side
- Dims: (HWD) 499x360x625mm

Large Bottle Digital Wine Chiller

CZ51150 Black and silver

- 2.6cu.ft/75 litre gross capacity
- Electronic temperature control
- LED digital temperature display
- Holds up to 32 wine bottles
- Thermoelectric operation
- Chrome shelves
- Glass door for easy viewing
- Interior light
- Dims: (HWD) 805x413x530mm

Slimline Digital Wine Chiller

CZ51186 Black with stainless steel door

- 1.5 cu.ft/42 litre gross capacity
- Electronic temperature control
- LED digital temperature display
- Holds up to 14 wine bottles
- Thermoelectric operation
- Front vent allows product to be built-in
- Chrome shelves
- Glass door for easy viewing
- Reversible door
- Interior light
- Dims: (HWD) 864x300x554mm

Dual Compartment Drinks Chiller

CZ51105 Black and silver

- 3.1 cu.ft/88 litre gross capacity.
- Adjustable temperature control
- 4 chrome shelves and 1 chrome tray
- Reversible tempered double glass door
- Holds up to 28 wine bottles
- Recessed handle
- Door lock with keys
- Dims: (HWD) 842x472x450mm

Large Drinks Chiller

dishwashers

Dishwashers save energy. They save you time and energy and you can cut your energy bill by £50 per year by investing in a dishwasher.

A full dishwasher can use as little as 12 litres of water per wash, whereas washing up and rinsing the same amount by hand can use as much as 63 litres*. You save by using less water and using less energy to heat up the water.

Coolzone offer a complete range of dishwashers from the table top dishwasher to the integrated dishwasher. Programmes and features are specifically designed to make your day easier, to free up your precious time while taking care of even your most delicate items such as glass and china.

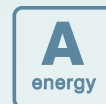

To decide which model is best for you, look out for the following icons. These icons represent features you might want to consider.

*www.waterwise.org.uk

Place settings: The key to a dishwasher's capacity is the number of 'place settings' it holds. A place setting is typically defined as 1 dinner plate, 1 soup plate, 1 dessert plate, 1 tea cup and saucer, 1 tumbler, 1 knife, 1 fork, 1 soup spoon, 1 teaspoon and 1 dessert spoon.

Energy efficiency: All our dishwashers show an energy efficiency grading from 'A'-'G', with 'A' being the most efficient and economical in terms of water consumption, washing and drying performance.

Wash programmes: Dishwashers have various programmes suited to how dirty your dishes are. Quick washes and economy soaks are ideal for lightly soiled dishes, while intensive washes will help you remove tough dirt.

Decibels/Noise: As most dishwashers are located in the kitchen the noise level during operation may be a consideration. Noise is measured in decibels, and the lower the value the quieter the appliance.

Overflow protection: Many dishwashers come with built-in protection against flooding, activated by a sensor which closes off the inlet valve. It's worth looking out for this, particularly if you have carpets in or near the kitchen.

table top and slimline

Table Top Dishwasher

CZ51065 White

- 4 place settings
- 'C' energy efficiency
- 'B' wash performance
- 'C' drying performance
